Sample PDF - Book Detail Page

This file exists only to test the PDF reader on the site.
Replace it with your own PDF: keep the file name or update
the path inside data/books.json.

PDF keeps the layout exactly as designed, which makes it a good format for poetry, illustrated booklets, and archived issues.

Page Two

Size limits worth remembering:

- Upload through the GitHub web UI: 25 MB per file
- Push through git: warning above 50 MB, blocked above 100 MB
- GitHub Releases: up to 2 GB per file

For anything larger, store the file elsewhere and link to it.
